

The August 9th meeting of the BCRA was called to order at 7:00pm by President Keith Almi.

The minutes from the last meeting were approved with a motion by Jack Swift and seconded by Ron Mantta.

The treasurer's report was read and approved, no motion

Keith updated the group on the Baraga tower site and informed the group that some further brush removal is needed.

The APRS digipeater has been installed and is working fine. Garbage also needs to be cleaned up. Some discussion about the possibility of putting up a gate to control unwanted traffic and reduce the amount of garbage left lying around.

Nothing new on the site in Herman as far as access to the state tower, possible 2m repeater going up there as a side project.

ARRL update, we now have our official certificate of affiliation from ARRL and our declaration of insurance coverage.

College update: The Educational and Technology Program Curriculum Guide has been scanned into google drive and will be posted on the BCRA website as well as the Keweenaw Bay Ojibwa Community College course description.

Member input: Jack Swift updated the group on an APRS unit now installed at Kirk Yarina's place.

Next meeting will be held at the KBOCC on 9/13/16 at 7:00pm

Meeting adjourned at 8:10 with a motion by Randy and seconded by Jack

In attendance were; Keith Almi, Randy McClellan, Bill Lahti, Jack Swift, Ron Mantta, Joe Dowd and Brian Ruddy.
